

Ways to Give

Supporting the Navy League of the United States is not a one-size-fits-all experience. You can select the method of giving that suits your needs

MATCHING GIFTS

Many corporations and businesses support philanthropic giving and volunteering by their employees by enhancing their employees' generosity with matching gifts. Depending on each company's policy, gifts can be increased from one to three times for each dollar contributed. Some individuals may qualify to have volunteer efforts matched with monetary contributions to the Navy League. To initiate a matching gift, complete your employer's matching gift form and send it with your gift.

GIFTS OF SECURITIES OR MUTUAL FUNDS

Appreciated stocks or mutual funds that have been held for at least one year qualify for an income tax deduction equal to the current market value of the transferred assets. Gifts of appreciated securities provide immediate benefit to the Navy League and maximize your tax deduction. By transferring these assets directly to the Navy League, you also avoid capital gains tax. This double tax savings makes a gift of appreciated securities a very cost-effective giving option for many individuals

PLANNED GIVING

Planned giving is an investment in the future of the Navy League, now or after your lifetime, in alignment with your overall financial and estate plans. Planned giving reflects your philanthropic commitment to your life and values and helps maintain financial security for yourself and your loved ones while investing in the future of the Navy League. Visit navyleague.giftplans.org for detailed information on planned giving options, request one of thirteen brochures and view the monthly featured article on estate planning.
